

AUTO SHINE WAX (CARNAUBA CAR WAX)

USE RECOMMENDATIONS

Practical product, easy to apply and remove. Developed to provide a layer resistant to the harmful effects of time, leaving an intense and lasting shine. Removes stains without attacking the paintwork, an effortless polish is obtained without leaving white residue in crevices or rubbers.

Chemical Composition

Carnauba Wax, Synthetic Wax, Silicone, Corrosion Inhibitor, Aluminum Silicate, Aliphatic Hydrocarbon, Paraffin, Vehicle, Preservative, Neutralizer and Fragrance.

APPLICATION DATA

Catalysis and/or Dilution

Ready to use.

Application

The surface must be clean and dry. Apply the wax in small amounts with a slightly dampened clean sponge or cloth, using circular motions. Allow to dry for approximately 10 minutes and remove with a clean, dry cloth or burlap. We recommend applying the product in the shade.

This information represents the best of our knowledge when this document was published. We remind you that optimal final results when applying the products depend on factors that exceed our control and that concern the surface preparation and the technical knowledge of the applicator. The company reserves the right to change these specifications without prior notice.

SURFACE PREPARATION

The product must not be applied under sunlight, nor when the surface is wet, dusty or dirty (to avoid scratches).

SAFETY RECOMMENDATION

- Store the product in closed, ventilated environments with maximum temperatures of 40°C.
- This is a flammable product. Keep away from sparks and sources of ignition. Do not smoke at the application site.
- When applied, the product emits vapors that must be avoided with the correct use of PPE, such as masks and respirators, ensuring proper ventilation during application.
- Avoid skin contact using gloves, goggles, suitable garments, protective creams, etc.
- Keep away from children and animals.

COMMENTS

The spreading rate of this product in practice will vary according to the thickness applied, method and application technique, the type and roughness of the substrate and environmental conditions, etc.

The instructions contained in these specifications are based on our experience and technical knowledge; however, some factors are beyond our control as a manufacturer, such as: surface preparation, application, working conditions, etc.

We take no responsibility for material and personal damage caused by the misuse of the information contained in these specifications and of the products mentioned.

These specifications are subject to change without prior notice.
