

Anjo General Purpose Spray Paint

Spray paint made with high quality products, indicated and approved for use in the most diverse types of painting. Guarantees good coverage, high spreading rate and excellent drying.

BASIC PROPERTIES

Color: 25 line colors

Physical State: Liquid / Pressed

Odor: Characteristic

Explosive Limits: Do not store above 50°C

pH: N.A

Flash Point: -70°C (Closed vessel)

Solubility: Insoluble in water

Density: 0.96 to 1.0 g/cm³

Viscosity: 16" to 25" CF3

Internal Pressure: 45 to 65 Psi at 50°C

Flow Rate: 60 to 100 g/minute

Drying: 5 to 10 minutes **between coats**, 15 minutes **to touch**, 1 hour **for handling** and 24 hours **for resistance test**.

Packaging: 400 ml tube.

INSTRUCTIONS FOR USE

Surface preparation: Thoroughly clean and sand (if necessary) the part to be applied, removing impurities (dust, waxes, fats, oils, etc.) and any residues.

Application: Shake the can before using, make a small test of the applicator pressing the valve a few times against any surface, checking the shape of the jet. Spray from a distance of 10 cm from the site, using uniform and crossed movements covering the desired area. For best coverage, apply several coats at regular intervals of 5-10 minutes between coats.

This information represents the best of our knowledge when this document was published. We remind you that optimal final results when applying the products depend on factors that exceed our control and that concern the surface preparation and the technical knowledge of the applicator. The company reserves the right to change these specifications without prior notice.

Storage: Keep in a covered and ventilated place (temperature below 50°C). Under these conditions, the product in its original, sealed packaging is guaranteed for 2 years from the date of manufacture.

Precautions: WARNING. Flammable aerosol. Pressurized container: may rupture if heated. May be harmful if swallowed. Causes skin irritation. Causes eye irritation. May cause drowsiness or dizziness. Harmful to aquatic organisms. Keep away from heat, sparks, open flames or hot surfaces. - Do not smoke near the product. Keep out of sunlight. Do not expose to temperatures above 50°C. IN CASE OF SKIN CONTACT: Wash with plenty of soap and water. IN CASE OF CONTACT WITH EYES: Rinse thoroughly with water for several minutes. If you wear contact lenses, remove them if possible. Keep rinsing. **Should not be used on the skin/body.**

Safety: Before using this or any other chemical product, make sure you have read and understood the information contained in the Material Safety Data Sheet (MSDS). Note the potential hazards and follow all precautionary measures, handling instructions, considerations and provisions mentioned on the SDS and on the packaging.
